

PROGRAM

Training Workshop on Gender, One Health, Safeguarding, and Human Right Principles

Training theme:

Let's Speak Gender: Gender integration in one health for agrifood systems transformation.

27– 28 February 2025, icipe Duduville Campus, Nairobi, Kenya

This training aims to enhance participants' understanding of One Health and its intersection with gender and agrifood systems transformation in Africa. By demonstrating the role of insects in One Health and agrifood systems, the economics of One Health interventions, and gender-responsive approaches, participants will gain insights into how these concepts contribute to sustainable development. Additionally, the training will enhance participants' knowledge of gender concepts, safeguarding, and human rights principles in research and workplace settings, fostering inclusive and ethical practices.

Sessions	Time	Activities	Responsible
